

# Romane 12

Romane Canal 12  
Romane 12

Colour: Natural Terrecotta

With a large curved profile, the Romane 12 tile creates remarkable aspect. It is inspired by traditional barrel tiles, imitating their format and shape. Meanwhile, Romane 12 tiles have all the qualities of a Terreal interlocking tile: water-tightness, easy installation, proven quality.

Its unique double side and head interlock gives total security during torrential rains.

## Mediterranean Aesthetics

Romane 12 is popular along the French Riviera, thanks to its powerful curve that is reminiscent of the beautiful barrel tiles typical of Southern France. Its warm colour will give a fresh and modern appeal to homes in Asia.

## Easy Fixing with 12 pcs/m<sup>2</sup>

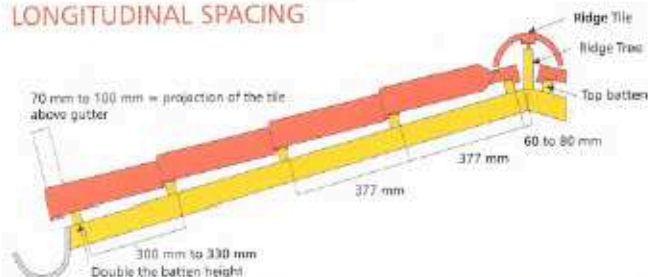

The Romane 12 is the extended profile of the Romane TBF that maintains all its qualities such as water-tightness, easy installation and Mediterranean aesthetics. Romane 12, is bigger in piece, thus saving cost and time of installation.
